### **Legislation Title:**

A RESOLUTION of the City Council of the City of Seattle approving and ratifying the decision of the Metropolitan King County Council to adopt a revised set of Countywide Planning Policies.

### **Summary of the Legislation:**

This legislation ratifies the amendments to the Countywide Planning Policies (CPPs) that were adopted by King County Ordinance 17486 on December 3, 2012.

### **Background:**

The CPPs guide how all jurisdictions in King County manage growth as they develop and amend their Comprehensive Plans, as required by the State Growth Management Act. As the CPPs had not been comprehensively updated since they were adopted in 1992, in 2010 King County began a collaborative effort with other jurisdictions to revise the CPPs. In carrying out this work, the County was advised by the Growth Management Planning Council (GMPC). The GMPC was established in 1992 by interlocal agreement. It is comprised of local officials, including three representatives from Seattle.

After three years of work, including public review opportunities before the GMPC and Metropolitan King County Council, the updated CPPs were adopted by the County on December 3, 2012. The interlocal agreement that created the GMPC also states that amended CPPs must be ratified by 30 percent of the jurisdictions representing at least 70 percent of the population of King County, within 90 days of CPP adoption by the County Council. The proposed resolution states Seattle's approval and ratification of the amended CPPs.
